

## What to Look for in a Crowd Control Barrier

Retracting belt crowd control stanchions may all look the same but beware, product features and quality vary!

### WE BACK OUR PRODUCTS WITH A FULL 1 YEAR WARRANTY

Check if our competitor's products offer these QueueWay features:

### Full 1 Year Warranty

We are proud of the value built into every one of our products. QueueWay is committed to bringing you products of the highest quality and value. We stand behind our products with a full 1 year warranty against defects in materials and workmanship.

### Delivery & Shipping

All QueueWay stanchions are flat packed and come 1 or 2 to a box. Freight charges for assembled stanchions are based on volume, which can add up to \$30 to the cost of each stanchion! So, to keep costs low we flat pack our stanchions because assembly takes just seconds, with no tools required!

**About Us**

QueueWay was formed by a team of dedicated professionals with years of experience in the crowd control industry. Our goal is to provide high quality products with full safety features at market leading prices.

We take great care in the design, engineering and manufacturing of our products.

Our sales service is second to none and our sales staff is trained to treat every customer as an individual and every order with personal care. Our aim is to make working with QueueWay a simple and rewarding experience.

**The result is QueueWay – great quality, great safety, great price and ready to ship!**

**Product Safety**

*QueueWay Stanchions are Safe!*

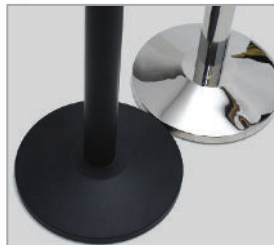

**Be Aware!** Crowd-control stanchions all contain a powerful constant-force spring, used to retract the belt. If the retraction mechanism is not fitted with a braking system, and the belt is accidentally released, the belt will snap back with enough force to cause injury.

**Choose QueueWay**

Many imported stanchions do not have braking systems built-in. By choosing stanchion(s) from QueueWay, you can be sure the product you choose has

- A locking-belt end to avoid accidental release
- An effective braking system built-in

Stay safe, and help avoid personal injury claims! *Choose QueueWay stanchions.*

**<< Locking-belt end eliminates accidental release**

**Stanchions**

Unbeatable value, fully-featured post with full safety features built in.
